RE: Request for Information--Hazardous Waste Permit
Review (Storage Fewer Than 90 Days)
FACILITY NAME: Jones & Laughlin Steel Corp., Hennepin Works
U.S. EPA ID NO.: ILD000781591

Dear Mr. Green:

This is to acknowledge that the United States Environmental Protection Agency has completed reviewing your Part A Hazardous Waste Permit Application and your letter of July 19, 1984. Our review indicates your facility may not require a permit under Section 3005 of the Resource Conservation and Recovery Act, as amended; however, further clarification is needed.

Based on the information submitted, your facility appears to accumulate wastes generated on-site for fewer than 90 days in containers or tanks, as defined in 40 CFR Part 262.34 (enclosed). Please review these requirements, to determine if your facility qualifies as an accumulation facility from November 19, 1980, to the present. If it does, a permit is not required, and you should withdraw your permit application. Please submit your determination in writing, signed and certified by an authorized person, in accordance with 40 CFR Part 270.11 (enclosed), requesting that your application be withdrawn. If at any time, since November 19, 1980, your operation included treatment, storage, or disposal of hazardous waste subject to 40 CFR Part 265, a closure plan must be filed with the withdrawal request. Requirements for closure are found in 40 CFR Part 265 Subpart G (enclosed).

If your review indicates that a permit is required, but certain information on your application is incorrect, please submit a revised Part A with the appropriate changes to this Regional Office. If no response is received in this office within 30 days, we will assume your facility requires a permit. Accordingly, we will continue to process your application.

Please contact the Regulatory Analysis and Information Unit at (312) 886-6148 for assistance, if you have any questions. Please refer to "Request for Information--Storage Fewer Than 90 Days," in all correspondence on this matter.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Karl J. Klepitsch Jr.".

ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Permit No. UIC-004-W1-JL
UIC Administrative Record File

Gentlemen:

This letter is in regards to the Underground Injection Control (UIC) permit issued to the above referenced facility (Permit No. UIC-004-W1-JL). It is the Illinois EPA's understanding that the LTV Steel facility has or is about to be sold to another corporation (ISG Hennepin, Inc.). The Illinois EPA would like to remind you that, in order for the existing UIC permit to be valid for the new owner/operator, the UIC permit must be transferred in accordance with 35 Ill. Adm. Code 704.260(a). As part of the permit application requesting to transfer the permit to the new owner/operator, the Illinois EPA requests a current cost estimate for plugging and abandoning the UIC well and the associated monitoring well.

If you have any questions regarding this matter, please contact Sean Chisek at 217/524-3867.

Sincerely,

Joyce L. Munie, P.E.

Mr. R.A. Voytko
LTV Steel Company
3100 East 45th Street
Cleveland, Ohio 44127

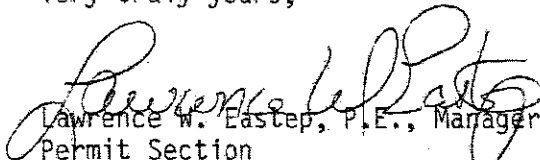

Dear Mr. Voytko:

This is in response to your October 31, 1989 request to modify the Part A application for LTV Steel Company by deleting the tank storage unit [S02]. A review of Agency files and FOS records concurs that the subject storage tank [S02] unit should be deleted from the Part A application in accordance with 35 Ill. Adm. Code Section 722.134 since hazardous waste was stored less than 90 days.

LTV Steel Company must continue to meet the applicable requirements of 35 Ill. Adm. Code Subtitle G for the UIC Well [D79] listed on the Part A application and covered by the Part B permit.

Should you have any questions regarding this matter, please contact Karen Nachtwey at 217/782-0892.

"Request for Information - Storage Fewer Than 90 Days"

Dear Mr. Klepitsch:

As indicated in my letter to you of July 19, 1984 and in response to your letter of August 30, 1984, J&L wishes to withdraw the RCRA Part A Hazardous Waste Permit Application filed for Hennepin Works on November 14, 1980. This action is being taken as the storage of hazardous waste for periods greater than 90 days does not occur at Hennepin, and the plant's injection facilities are now regulated under Illinois' UIC regulations.

While storage for periods greater than 90 days is not a current practice, it's possible that such storage may have occurred since November 19, 1980. Accordingly, the closure plan for these facilities is enclosed as you requested.

If you have any questions on this information, please let me know.

Very truly yours,

S. A. Green

Re: Jones & Laughlin Steel Hennepin Works
IL0 000791591

Dear Mr. Smith:

By now you should have received an acknowledgment of our receipt of the Part A permit application material for the above-referenced hazardous waste facility under the Resource Conservation and Recovery Act (RCRA) permit program. Accordingly, this letter constitutes the next step in the formal process leading toward issuance or denial of a RCRA permit. Under the authority of 40 CFR 270.10, this is a formal request for submittal of Part B of the permit application for the above-referenced facility.

Enclosed is a copy of 40 CFR 270.14, which lists the items required for submitting the Part B permit application for the facility. The Part B application must be submitted in quadruplicate and postmarked no later than December 31, 1984. The original and one copy of the application must be sent to the U.S. EPA and the other two copies to the Illinois EPA. Please uniquely number each page of the application including all attachments (maps, specifications, etc.). A certification statement identical to the one stated in 40 CFR 270.11(e) must accompany the application and all additional submittals. Send your application to the following addresses:

RCRA ACTIVITIES
Part B Permit Application
U.S. EPA, Region V
P.O. Box 43597
Chicago, Illinois 60690-3587

Larry Fastep, Manager
Permit Section, MPO
Illinois EPA
2200 Churchill Road
Springfield, Illinois 62735

We are committed to conducting the RCRA permitting process as efficiently as possible. Consequently, I suggest you contact Ms. Juana Rojo, of my staff, at (312) 806-1477, as you begin preparing your application. Ms. Rojo will be available to discuss specific needs of your application or to meet with you in Chicago. These efforts are intended to generate complete applications, without requiring any information beyond that which is necessary to make RCRA permit decisions.

Dear Sirs:

Enclosed is the Part A Application for Interim Status for the hazardous waste management facilities of the Hennepin Works in Hennepin, Illinois, which is owned by Jones & Laughlin Steel Corporation.

Any questions concerning this application should be directed to:

Dr. George C. Smith
Technical Coordinator
Jones & Laughlin Steel Corporation
900 Agnew Road
Pittsburgh, PA 15227

Very truly yours,

George C. Smith
Technical Coordinator

FORM 1 GENERAL		ENVIRONMENTAL PROTECTION AGENCY GENERAL INFORMATION Consolidated Permits Program <i>(Read the "General Instructions" before starting.)</i>	EPA I.D. NUMBER <div style="border: 1px solid black; padding: 2px; font-family: monospace; font-size: 1.2em;"> F I L D 0 0 0 7 8 1 5 9 1 3 D </div>
II. POLLUTANT CHARACTERISTICS <div style="border: 1px solid black; padding: 5px; margin-top: 10px;"> INSTRUCTIONS: Complete A through J to determine whether you need to submit any permit application forms to the EPA. If you answer "yes" to any questions, you must submit this form and the supplemental form listed in the parenthesis following the question. Mark "X" in the box in the third column if the supplemental form is attached. If you answer "no" to each question, you need not submit any of these forms. You may answer "no" if your activity is excluded from permit requirements; see Section C of the instructions. See also, Section D of the instructions for definitions of bold-faced terms. </div>		GENERAL INSTRUCTIONS If a preprinted label has been provided, affix it in the designated space. Review the information carefully; if any of it is incorrect, cross through it and enter the correct data in the appropriate fill-in area below. Also, if any of the preprinted data is absent (the area to the left of the label space lists the information that should appear), please provide it in the proper fill-in area(s) below. If the label is complete and correct, you need not complete items I, III, V, and VI (except VI-B which must be completed regardless). Complete all items if no label has been provided. Refer to the instructions for detailed item descriptions and for the legal authorizations under which this data is collected.	

SPECIFIC QUESTIONS	YES	NO	FORM ATTACHED	SPECIFIC QUESTIONS	YES	NO	FORM ATTACHED
A. Is this facility a publicly owned treatment works which results in a discharge to waters of the U.S.? (FORM 2A)		X		B. Does or will this facility (either existing or proposed) include a concentrated animal feeding operation or aquatic animal production facility which results in a discharge to waters of the U.S.? (FORM 2B)		X	
C. Is this a facility which currently results in discharges to waters of the U.S. other than those described in A or B above? (FORM 2C)	X			D. Is this a proposed facility (other than those described in A or B above) which will result in a discharge to waters of the U.S.? (FORM 2D)		X	
E. Does or will this facility treat, store, or dispose of hazardous wastes? (FORM 3)	X		X	F. Do you or will you inject at this facility industrial or municipal effluent below the lowermost stratum containing, within one quarter mile of the well bore, underground sources of drinking water? (FORM 4)	X		
G. Do you or will you inject at this facility any produced water or other fluids which are brought to the surface in connection with conventional oil or natural gas production, inject fluids used for enhanced recovery of oil or natural gas, or inject fluids for storage of liquid hydrocarbons? (FORM 4)		X		H. Do you or will you inject at this facility fluids for special processes such as mining of sulfur by the Frasch process, solution mining of minerals, in situ combustion of fossil fuel, or recovery of geothermal energy? (FORM 4)		X	
I. Is this facility a proposed stationary source which is one of the 28 industrial categories listed in the instructions and which will potentially emit 100 tons per year of any air pollutant regulated under the Clean Air Act and may affect or be located in an attainment area? (FORM 5)		X		J. Is this facility a proposed stationary source which is NOT one of the 28 industrial categories listed in the instructions and which will potentially emit 250 tons per year of any air pollutant regulated under the Clean Air Act and may affect or be located in an attainment area? (FORM 5)		X

FORM 3 EPA RCRA		ENVIRONMENTAL PROTECTION AGENCY HAZARDOUS WASTE PERMIT APPLICATION Consolidated Permit Program (This information is required under Section 3005 of RCRA.)		EPA I.D. NUMBER ELD 00078159131																																																																											
FOR OFFICIAL USE ONLY APPLICATION APPROVED: _____ DATE RECEIVED (YR, MO, & DAY): _____ COMMENTS: _____																																																																															
II. FIRST OR REVISED APPLICATION Place an "X" in the appropriate box in A or B below (mark one box only) to indicate whether this is the first application you are submitting for your facility or a revised application. If this is your first application and you already know your facility's EPA I.D. number, or if this is a revised application, enter your facility's EPA I.D. Number in Item I above.																																																																															
A. FIRST APPLICATION (place an "X" below and provide the appropriate date) <input checked="" type="checkbox"/> 1. EXISTING FACILITY (See instructions for definition of "existing" facility. Complete item below.) FOR EXISTING FACILITIES: PROVIDE THE DATE (YR, MO, & DAY) OPERATION BEGAN OR THE DATE CONSTRUCTION COMMENCED (Use the boxes to the left) YR: 67 MO: 12 DAY: 01																																																																															
<input type="checkbox"/> 2. NEW FACILITY (Complete item below.) FOR NEW FACILITIES: PROVIDE THE DATE (YR, MO, & DAY) OPERATION BEGAN OR IS EXPECTED TO BEGIN YR: _____ MO: _____ DAY: _____																																																																															
B. REVISED APPLICATION (place an "X" below and complete item below) <input type="checkbox"/> 1. FACILITY HAS INTERIM STATUS <input type="checkbox"/> 2. FACILITY HAS A RCRA PERMIT																																																																															
III. PROCESSES - CODES AND DESIGN CAPACITIES A. PROCESS CODE - Enter the code from the list of process codes below that best describes each process to be used at the facility. Ten lines are provided for entering codes. If more lines are needed, enter the code(s) in the space provided. If a process will be used that is not included in the list of codes below, then describe the process (including its design capacity) in the space provided on the form (Item III-C). B. PROCESS DESIGN CAPACITY - For each code entered in column A enter the capacity of the process. 1. AMOUNT - Enter the amount. 2. UNIT OF MEASURE - For each amount entered in column B(1), enter the code from the list of unit measure codes below that describes the unit of measure used. Only the units of measure that are listed below should be used.
